"Dear Mr. Manley"

Just writing to
stay in touch with you as the time
draw near. I thought it would be wise
let you know that I has not forgot about
the Spring Training. that is not far off.
Just wanted to know yours opinions about
my duty as the time being. do you think
it would be wise for me to get the
articles now. that I will need for the
Spring Training. - or shall I wait until I
get information from you before I
make any preparation? I will look to
hear from you by return mail

Yours truly
Paul Eason
